CHARITY CAR SHOW

The Tichigan Lake Lions Club car show is one of the **LARGEST** car shows around southeastern Wisconsin and has been running strong since 2005. We've seen over **10,000 cars** throughout the existence and are looking to top over **1,500 cars this year.**

Although car shows are amazing in their own respect, this car show is a little different; yes, we'll have dash plaques, trophies and an engine raffle, but that's not WHY we do our car show. We go through the effort and put in a massive amount of hours to raise money for a local family that has or is going through a hardship. Our focus is on children, so each year we find a local child and their family who needs some help. Money raised from the **ENGINE RAFFLE** goes directly to that family to offset medical bills and rally our local community to support one another. Some of the funds also support the Lions Camp in Rosholt, WI.

2023 marks the **FIRST** year the Tichigan Lake Lions have taken on **TWO** families. The previous 17 Car Shows had one beneficiary and we believe as a club we can make an impact on these two families. Here are their stories.

Kinsey has Chronic Granulomatous Disease or (CGD) is very rare and life threatening. About 20 people born with CGD each year. The basics are that CGD does not allow the immune system to work properly. Common bacterial & fungal infections can be life threatening. Such infections are common and impact multiple body systems such as the skin, liver, stomach, intestines, brain and eyes.

Garnet was born June 25th, 2022, 6 weeks early during a traumatic delivery that resulted in a C-section and him being taken directly to the NICU. From the start and weighing in at only 4lbs 5oz he was in for the fight of his life. His mother also had a trying time for the 72 hours following his birth. Taylor had to go through multiple surgeries, separation from her boyfriend and of course separation from her brand new baby boy. For the next weeks and months through the first year, this young family has been through a lot!
