

Weekly Progress Report

Main St., STH 20/83, Village of Waterford

WisDOT Project ID: 2250-12-70

Date 11/1/2019

Contractor's Work Activities

Current week:

- Retaining wall construction
- Electrical conduit and base installation
- Permanent signing installation
- Bridge abutment piling installation
- Bridge demolition
- Pavement marking installation

Week of November 4:

- Retaining wall construction
- Concrete sidewalk installation
- Bridge pier construction
- Bridge abutment construction
- Electrical conduit and base installation
- Concrete pavement installation
- Pavement marking installation

Summary

Electrical work, including traffic signals and lighting are ongoing. Concrete sidewalk installation is scheduled to get under way through the downtown area. Concrete paving on Beck Drive looks to take place next week.

At the bridge, pier cap and abutment construction is underway.

Retaining wall construction continues near the bridge and near Jefferson & Main.

Sidewalk grading, Main Street
